DISCLAIMER

The information contained herein (the "information") has been prepared by Scientific Infra & Private Assets solely for informational purposes, is not a recommendation to participate in any particular investment strategy and should not be considered as investment advice or an offer to sell or buy certain securities. All information provided by Scientific Infra & Private Assets is impersonal and not tailored to the needs of any person, entity or group of persons, and shall not be used for any unlawful or unauthorised purposes. The information is provided on an "as is" basis. Although Scientific Infra & Private Assets obtains information from sources it considers reliable, neither Scientific Infra & Private Assets nor its information providers (collectively, the "Scientific Infra & Private Assets Parties") guarantees the accuracy and/or completeness of any of this information. None of the Scientific Infra & Private Assets Parties makes any representation or warranty, express or implied, as to the results to be obtained by any person or entity from any use of this information, and the user assumes the entire risk of any use made of it; all implied warranties (including accuracy, completeness, timeliness, sequence, currentness, merchantability, quality or fitness for a particular purpose) are expressly disclaimed. In no event shall any of the Scientific Infra & Private Assets Parties have any liability for any direct, indirect, special, punitive, consequential or other damages (including lost profits), even if notified of the possibility of such damages. All Scientific Infra & Private Assets indices and data are the exclusive property of Scientific Infra & Private Assets. Information containing any historical information, data or analysis should not be taken as an indication or guarantee of any future performance, analysis, forecast or prediction. Past performance does not guarantee future results. In many cases, hypothetical, back-tested results were achieved by means of the retroactive application of a simulation model and, as such, have inherent limitations. The index returns shown do not represent the results of actual trading of investable assets/securities; Scientific Infra & Private Assets maintains the index and calculates index levels and performance but does not manage actual assets. Index returns do not reflect payment of any sales charges or fees an investor may pay, the imposition of which would cause actual and back-tested performance to be lower than the index performance shown. The information may be used to create works such as charts and reports; limited extracts of information and/or data derived from the information may be distributed or redistributed provided this is done infrequently in a non-systematic manner. The information may be used within the framework of investment activities provided that it is not done in connection with the marketing or promotion of any financial instrument or investment product that makes explicit reference to the trademarks licensed to Scientific Infra & Private Assets, and that is based on, or seeks to match, the performance of the whole or any part of a Scientific Infra & Private Assets index; such use requires a separate licence agreement. The information may not be used to verify or correct other data or information from other sources.
